Subject: Microsoft Settlement

To Whom It May Concern:

I just wanted to express my satisfaction with the settlement that the DOJ has worked out with the Microsoft Corporation. I think the remedies are fair and do an equitable job of penalizing the company without tilting the scale too much in favor of its competitors. Frankly, I've been concerned that the DOJ has been acting too much on the behalf of Microsoft competitors, who through mistakes of their own, found themselves at a competitive disadvantage, and not the American consumer. The settlement that has been worked out has alleviated that concern. Now it's time to settle this and let these companies get back to competing.

Sincerely yours,
